4 widths available

# NEPAL

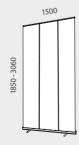

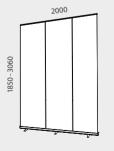

INFORMATION

The Nepal Roll Up banner has 4 widths available. The width of 1500mm and 2000mm has 2 pertigas in its structures for a better firmness. Also, the 2000mm wide model has 3 bases to improve its stability. This Roll Up banner stand is an extra wide, extra tall marketing display that is perfect as a backdrop in trade show booths, press conferences, and other promotional events. Because it is so large, the Nepal 1500mm and 2000mm wide are especially suitable when your message needs to be seen from a distance.

If you are looking for something bigger, the 2000mm wide, being the widest roll up of the series Nepal is the perfect alternate to a trade show booth or pop up display. Create a unique backwall design that is equally as impressive as the standard Pop Up exhibits. Nepal Roll Up 2000mm wide is perfect for trade shows, convention centers, press conferences, expositions or media events to create a lasting impression with event attendees at every exhibit.

#### INFORMATION

The Everest Roll Up banner is made of durably aluminum with magnetic side connection parts. Featuring 3m height, Everest is designed to grab the attention of anyone in the room. At the top of each banner stand, there are patented magnetic connectors that allow you to join together the multiple units with a simple "click". The magnets are located on the sides of the banner rails at the top of each display. Because of its size, the Everest Roll Up graphic mural is a great alternative to pop up displays and trade show booths. Set up is quick and easy, and users can adjust the height tilting lowering the Roll Up Banner. Additionally, a canvas carry bag is included. This Roll Up makes a great graphic mural in trade show booths, press conferences, convention centers, malls, expositions, retail stores or any media event where their large graphics can be seen from at the distance.

# MONT BLANC

#### **INFORMATION**

If you are looking for something bigger, the Mont Blanc Roll Up Banner is 2000mm wide and features an adjustable height up to 3060mm to grab the attention of anyone in the event. Mont Blanc is the perfect alternate to a trade show booth or pop up display. Due to the large height of this banner stand, assembly is easiest when you set up along the floor and then stand the display up. Also thanks to its telescopic capacity, it is not necessary to find locations with high ceilings to be able to expose it, with a minimum height of 1700mm, the roll up Mont Blanc can be used in any other smaller places. The banner stand comes with a carrying bag to make transport of your display simple. This bag protects the unit when not in use, and a shoulder strap makes moving the bag easy. Create a unique backwall design that is equally as impressive as the standard Pop Up exhibits. Mont blanc Roll Up is perfect for trade shows, convention centers, press conferences, expositions or media events to create a lasting impression with event attendees at every exhibit.

### TEXFIX | 🗐 🕜 Texfix System

Special profile system made of aluminium for textil. Profiles sizes are available in standard or linear meters. The textil should be sewn to a silicone "strip" around all its perimeter, then it is inserted into the rail of the profile being tight and perfectly framed.

Profil spécial en aluminium pour textile. Les profils sont fournis en formats standard ou en barre. Facile et rapide à assembler. Le textile se coud sur une « bande de silicone », qui va s'introduire dans la rainure du profil ce qui permet un visuel parfaitement présenté, tendu et encadré.

Perfil em alumínio para impressão em têxtil. Os perfis são fornecidos em medidas estandardizadas ou por metro linear. O tecido deve ser cosido a uma tira de silicone, que posteriormente será introduzida na ranhura do perfil de modo a ficar tenso e perfeitamente colocado.

Sistema de perfilería de aluminio para tejidos. Los perfiles se suministran en medidas estándar o por metros lineales. El tejido es cosido a una "tira" de silicona en todo su perímetro, posteriormente para su fijación y tensado se introduce en el rail de la perfilería quedando perfectamente enmarcada.

#### **INFORMATION**

- The TexFix Profile System is ideal for dressing and setting up shops, for showrooms, offices promotional booths, windows dressing or fair stands. Whether you want a wall frame, a backlite divider, a light totem, a standalone or hanging frame, you will find the right solution with our wide range of TexFix system.

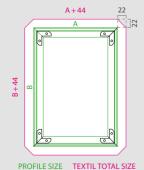

- Among all TexFix options available to choose your most suitable profile are: Thin profiles, simple and double sidedprofiles, standard measurements or by linear meters, complete kit with lighting, blackened aluminum profiles, profiling designed for large surfaces and a complete series of accessories: hangers, bases, trays, connectors, etc...

#### APPLICATIONS | TEXFIX

#### TEXTIL ARTWORK \*mm

- Place the hangers and fix them.
- Locate the corners connectors and join the aluminium profiles.
- Screw the corners and insert the silicone of the textil into the rail of the profile, get it total framed.

SETLIP

• 1. Place the pieces that will hold the graphic as picture 3.

- 2. Join the pieces of part 1 and 2 of the exhibitor.
- 3. If you want to place the vertical divider, join parts 1 and 2, then the exhibitor is being divided into two parts.
- 4. Place the base (disk piece) on the bottom of the exhibitor.
- 5. Next, place the screws through the holes.
- 6. Place the graphic on its correspondent place.
- 7. Assemble the different modules.
- 8. Tighten the screws with the nuts.

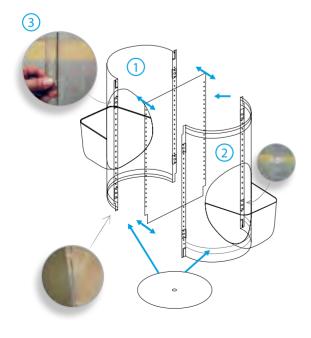

#### MONTAGE:

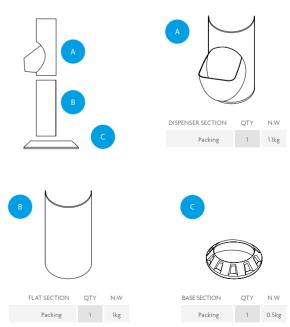

- 1. Placer les pièces de fixation du visuel sur l'image 3
- 2. Unir les parties 1 et 2 du présentoir.
- 3. Si vous désirez un séparateur vertical, placé-le lorsque vous unirez les parties 1 et 2, vous obtiendrez ainsi un présentoir divisé en deux parties.
- 4. Emboiter le disque séparateur au fond du présentoir.
- 5. Mettre les vis dans chaque trou.
- 6. Placer le visuel.
- 7. Monter les différents modules.
- 8. Serrer les vis avec les écrous.

- 1. Colocar as peças de fixação na impressão de acordo com a imagem 3.
- 2. Unir as partes 1 e 2 do expositor.
- 3. Se desejar o separador vertical, terá de colocá-lo ao unir as partes 1 e 2, ficando o expositor dividido ao meio.
- 4. Encaixar o disco separador no fundo do expositor.
- 5. Introduzir os parafusos de forma a que atravessem todos os orifícios.
- 6. Colocar as impressões.
- 7. Montar os diferentes módulos.
- 8. Apertar os parafusos com as respectivas porcas.

- 1. Colocar las piezas de sujección de cartelería, ver fotografía 3.
- 2. Unir las partes 1 y 2 del expositor.
- 3. Si desea separador vertical colocar al unir las partes 1 y 2, quedando entonces el expositor dividido en dos partes.
- 4. Encajar el disco separador como base en el fondo del expositor.
- 5. A continuación, colocar los tornillos, atravesando todos los agujeros.
- 6. Colocar las gráficas.
- 7. Montar los distintos módulos.
- 8. Apretar los tornillos con las tuercas.

#### **INFORMATION**

Snap together these plastic interlocking floor tiles for an easy install and quick setup. Flooring made of high impact material results in long term use and dependability. Beneath each of the floor tiles there are ribbed support pillars for impact and shock absorption. Whether the 250x250mm configuration is used in a trade show booth exhibit, these multi-purpose floor tiles are suitable for indoor or outdoor events. Each unit with the reinforced composition provides a strong foundation efficient for impact and shock absorption. Ideal for a trade show booth set up. 5 colors available.

quick and simple poster change

LUBLIN

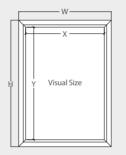

frame done in anodized aluminium

#### INFORMATION

The Lublin frame is made of anodized aluminium. The change of graphic is really fast and easy, just insert your posters or graphics through

the groove on the narrower side of the frame, this way, updating a presentation takes only a few seconds. Also, the screws and hangers for wall mounting are included. Lublin frame is ideal for restaurants, supermarkets, banks, movies theatres, airports, malls or any other location requiring frequent changes of posters.

# ANADIA

#### INFORMATION

The Anadia frame is constructed from aluminum and has a matte silver finish. Just beneath the extruded aluminum frame sides are spring clips that are responsible for the Click spring-loaded action. Once they are pressed between the face frame and internal channel, instant spring-loaded tension is achieved. Insert your posters or graphics on top of the back panel, replace the lens, and flip the sides down to hold everything in place, so updating a presentation takes only a few seconds. It can be mounted vertically or horizontally, depending on your sign or advertisement. We supply this frame with the necessary screws and hangers for wall mounting. This Frame is perfect for being used in restaurants, retail stores, community centers, movie theatres, airports, supermarkets, banks or any other location requiring frequent changes of advertisements.

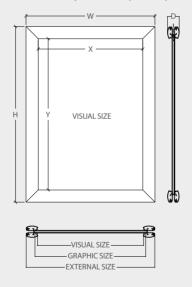

#### ANADIA DOUBLE-SIDED

silver anodized aluminium finish

INFORMATION

The Double-sided Anadia frame is constructed from aluminum and has a matte silver finish. It can be mounted vertically or horizontally, depending on your sign or advertisement. We supply this frame with the necessary screws and hangers for hanging. Insert your posters or graphics on top of the back panel, replace the lens, and flip the sides down to hold everything in place, so updating a presentation takes only a few seconds. This frame features 2 ways visibility, increasing advertisement exposure. Ideal for hanging in a storefront window to advertise the passersby and customers within their institution, also this frame has a location flexibility, so users are no longer restricted to walls for posting signage. Hanging signage systems from the ceiling allow for placement overhead, in a central location. With this better space utilization, these window displays leave wall space open for exhibiting other advertisements or objects, so it's perfect for using in stores, community centers, airports, supermarkets, etc.

# LIMA WATERPROOF

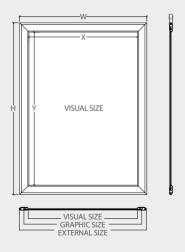

waterproof

with anti-reflective plastic

The Lima frame is constructed from aluminum and has a matte silver finish. Just beneath the extruded aluminum frame sides are spring clips that are responsible for the Click spring-loaded action. Insert your posters or graphics on top of the back panel, replace the lens, and flip the sides down to hold everything in place, so updating a presentation takes only a few seconds. It can be mounted vertically or horizontally, depending on your sign or advertisement. The front-loading frame can be secured shut with an Allen key to keep posters protected. We supply this frame with the necessary screws and hangers for wall mounting. This Frame is perfect for being used in restaurants, retail stores, community centers, movie theatres, airports, supermarkets, banks or any other location requiring frequent changes of advertisements.

# 

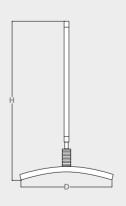

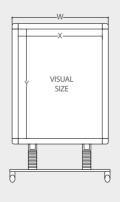

The double-sided board frame of Boal is made of aluminum and has a strong base and sturdy springboard design, allowing flexion in windy conditions. It has a 34mm width profile with click system, so the graphic change is quick and simple. Features a 2-sided board frame and it includes a resistant antireflection sheet so is also non-glare which allows it to be read under bright lights. Bad weather deters foot traffic for most venues, but these sidewalk signs will give you the advantage of letting passersby know you're open-regardless of the weather conditions. Ideal for displaying outside your event, restaurant, street stall or supermarket for advertising offers or temporary exhibitions.

#### INFORMATION

The Arcachon Board is a great way to draw attention from the street. This Click Board is designed especially for outdoor use, it is made from durable materials for a stable and long-lasting construction. The heavy-duty, molded plastic base features a screwin cap and can be filled with 24l of water for 10.341 and 10.115 models and 52l for 10.116 and 10.342. Also it has a 42mm width waterproof profile with click system, so the graphic change is quick and simple. It includes a weather resistant antireflection sheet so is also non-glare which allows it to be read under bright lights. Built-in wheels also make this board easy to move as needed. To further enhance its stability Arcachon features rugged springs to reduce the impact of wind. With all these characteristics this waterproof Click Board is ideal for displaying outside your restaurant, street stall, event or supermarket for advertising offers or any temporary exhibition.

#### TENSION FABRIC DISPLAY | 🖨 🕝 🕜 🖯 🕦 🐨 Textil Boards

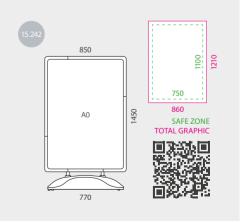

# 292 605 SAFE ZONE TOTAL GRAPHIC 120 A1

Mikonos features a lightweight aluminum structure with a refillable plastic base that assembles in seconds (It is 3.95kg weight and it can be filled with 17l of water). Also, the Textile Boards are also simple to setup. All the aluminium poles fit together and snap into base. Simply stretch the wrap over the completed base and it's ready to use. The aluminium structure is affixed to the base with 2 large springs, so it stays stable in windy conditions. Built-in wheels also make this board easy to move as needed. Carrying bag is included for an easy storage and transportation. Denote your business with the innovative design and versatility of textile printing. Ideal for trade shows or promotional events. The Mikonos outdoor board is ideal for being used at heavily-trafficked areas such as tradeshows, events, stores or malls.

\* Custom textil printing in full color is available but not included.

#### ALUMINIUM FRAMES | (1) (10) (20) (20) (20) Click Displays

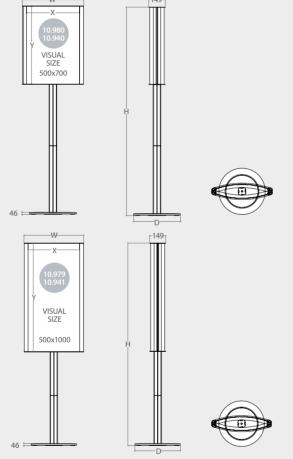

The Leinster double-sided display is built from sturdy, durable aluminum frame. With an easy-to-use snap frame and edge-lit LED bulbs, Lainster lightbox stand is useful for darker venues, such as halls and movie theaters. The convex holder helps graphics pop out, ensuring that the double sided poster display can be seen from any angle. Designed for day or night time use, the illuminated lightbox stand has clear PVC lens to prevent glare, while the LED bulbs highlight signage.

#### YUCATAN

#### INFORMATION

This window hanging light box for daily use combines the power of LED illumination technology with the elegance of a thin profile. The frame on each model is 17.8mm thick, making it one of the slimmest marketing devices currently available. Small LED bulbs in the sides of the window hanging light box frame prevents against "hot" and "cold" spots appearing on the graphics. The diffusion pattern within the lightbox makes sure that the beams shed evenly over the images. Users can also adorn this LED signage to the wall. The thin window hanging light box showcases posters and graphics in either landscape or portrait orientation.

#### LIGHT BOXES | 10 610k & 100 100 Click Light Frames

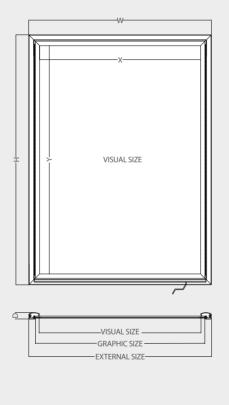

#### INFORMATION

Artega hanging light box for daily use combines the power of LED illumination technology with silver finsh of aluminium. Small LED bulbs in the sides of the 19.75mm thickness frame frame prevents against "hot" and "cold" spots appearing on the graphics. The diffusion pattern within the lightbox makes sure that the beams shed evenly over the images. Users can also adorn this LED signage to the wall. The Artega hanging light box showcases posters and graphics in either landscape or portrait orientation.

#### LIGHT BOXES | 10 610k & 400 10 Click Light Frames

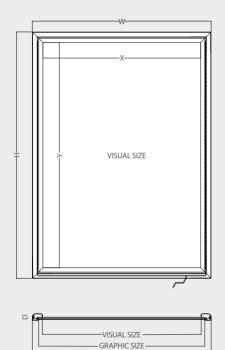

INFORMATION

The Campeche frame display is built from sturdy, durable aluminum frame. With an easy-to-use snap frame and edge-lit LED bulbs, Campeche lightbox stand is useful for darker venues, such as halls and movie theaters. The convex holder helps graphics pop out, ensuring that the double sided poster display can be seen from any angle. Designed for day or night time use, the illuminated lightbox stand has clear PVC lens to prevent glare, while the LED bulbs highlight signage.

#### TABLET STAND | 1 Page 1 Page 1 Page 2 Page 2

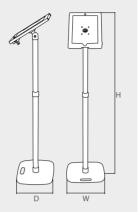

INFORMATION

This stylish secure tablet floor stand is designed for both sitting and standing thanks its telescopic pole. It has a stunning black finish. Also, an anti-theft system keeps the technology safely locked for secured public use and provides owners with a key for access. Users may easily rotate 360° or tilt the bracket of the adjustable tablet floor stand for different viewing angles. Tablet Holder has foam pads for a better grip and to prevent the scratches. The touchscreen holder's unique design allows access to the home and power buttons while also leaving the auxiliary port open, perfect for credit card readers. Ideal for trade shows, academies, exhibitions or events.

The Beresford outdoor ashtray pole is rust-resistant to keep the sleek, silver

color throughout almost any weather conditions. Also, is lightweight enough to

be transported to any location, but with the cast iron base and stainless steel

frame it will remain sturdy. Its design makes it ideal for shopping centers, airports

and office buildings looking to keep their grounds free from unsightly butts.

Marcos LED para Cable Kit (disponibles en A4, A3 y válidos para cualquier sistema empleando un máximo de cable de Ø1.5mm). Sellado de gráfica magnético. Ideal para escaparates, agencias de viajes, inmobiliarias, bancos, etc.

#### INFORMATION

This Light Box System for CableKit uses 12V safe power and ultra bright LED lights. These light boxes can be used with any of the CableKit systems seen earlier in this chapter. Compatible with 1.5mm diameter cable, these holder boxers can be used in a wide range of ways so users can create their own display based on their needs. This light holding system is available in  $\ensuremath{\mathbf{2}}$ formats (A4 and A3). Light Boxes are ideal for being used on showcases, art expositions, storefronts, restaurants, hotels, banks, travel agencies, etc.

The Kit Power Supply and its Power Connector are supplied separately (see below). Also, the LED light boxes feature a magnetic sealed design which makes it easy and fast to change the graphics or signages.

# SHELF PRICE HOLDERS | 1 Shelf Magnet Base Holders

This magnetic shelf holder system features multiple solutions to the  $implementation \, of \, graphic \, promotions \, to \, metal \, shelves. \, The \, base \, is \, made$ of ABS with a magnet inside, it sizes 40x70mm, also it can be rotated to adjust exposure to optimal angle. To adjust the pole angle to the desired exposure, simply detach the base slightly from the angle bracket 2, adjust the pipe to the proper angle 3, and return the base to its original position so that it is secure 4. The aluminum pole offers the possibility of approaching the promotion to the passerby and has several options to hang different sizes of graphics, including transparent movable hooks,  $transparent \, movable \, clips \, or \, grippers \, for \, attaching \, posters \, or \, promotions.$ Either to be used on or below the shelf, several models are available to meet your needs. This multi-position holder system is often used on metallic shelves, poles or walls, so it is widely used in shopping malls specially in shopping center, supermarket aisles or pharmacies.

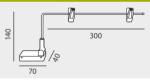

This multi-position holder system features 2 transparent clamps and an angled pole wich is ideal to get an extra separation from the product.

## **CLAMP STRAIGHT MULTISHELF BASE**

This multi-position holder features 2 transparent clamps and a straight pole wich is ideal for occupying as little space as possible on the shelf.

#### "BARGELLO" STRAIGHT

two straight profiles

Possibility of fixing with double sided tape. Continue with the next steps if you wish to screw it to the wall:

- 1. Make two holes in the side profiles, as shown.
- 2. Screw the profiles to the wall, adjusting the width of the plate.
- 3. Fix the central plate by pressing on the side covers.
